

Eversource Customers in New Hampshire  
Sign up to receive 100% New Hampshire Green Hydroelectricity  
**Get a \$50 Rebate in December 2015**  
and about \$35 refund every 6 months thereafter

The New Hampshire Public Utilities Commission has mandated that Eversource pay approximately twice as much to Green Hydroelectric Generators who recruit consumers to join a “Group Net Metering” group. KC Hydro is sharing this benefit with household consumers who decide to support the economic viability of this renewable resource.

1. Households that choose to support KC Hydro will see NO change in their Eversource bill.
2. Eversource verifies that a household participating in this program joins only one group.

### How to complete “Express” sign up to receive a \$50 Rebate:

All of the information necessary to sign up and receive your \$50 check from Sackheim Consulting, administrator for KC Hydro, is found on your Eversource bill.

1. Provide a copy of your Eversource bill via e-mail to [rebate@kchydro.com](mailto:rebate@kchydro.com) OR send a text message to (916) 877-5947 (if you are unable to attach a copy of your Eversource bill to your message, further instructions will be provided in reply)
2. On the left side of the first page of your bill, IF “Your electric supplier is **Eversource**” – you’re all done! You will receive a \$50 check as your receipt that you are signed up!
3. IF “Your electric supplier is **NORTH AMERICAN POWER AND GAS L**” then KC Hydro will reimburse you up to \$50 to cancel your contract. You must call the number immediately below “Your electric supplier is” and ask to know the total cost to cancel your contract immediately. The total will be \$10/month remaining in your contract. Next, ask for the date in December when the cost will be lowest (\$10 or \$20 less), then tell the representative that you want your contract cancelled on that date, and report the date when your contract will be cancelled and amount you will be billed when submitting your bill to sign up. You will receive your \$50 check upon being signed up, and a refund of up to \$50 when you provide a copy of the bill with the cancellation charge. If you need help, just sign up as if your electric supplier is **Eversource**, and you will be provided further assistance in canceling your contract before you are issued your \$50 refund.
